

The Five Pillars of AEON MALL CSR

Based on the Five Pillars in compliance with ISO26000, we are fulfilling our corporate social responsibility

Our work is to produce ways of living for the future along with the communities through shopping malls.

To do so, we need to continue to build firm relationships of trust with local society, be considerate to the environment, and further enhance safety.

Therefore, as our corporate activities are closely related to CSR, employees of all departments are requested to fulfill their responsibilities to society through their daily duties.

With such ideas and based on ISO26000 which is the first international standard regarding social responsibility, we promote CSR activities based on the Five Pillars.

The seven core themes set down in ISO26000

- 1. Organizational governance
- 2. Human rights
- 3. Labor practices
- 4. The environment
- 5. Fair operating practices
- 6. Consumer issues
- 7. Community involvement and development
