AEON MALL & Japanese Red Cross Society Strengthen Blood Donation Drives at AEON MALL across Japan

Chiba Pref. (May 28, 2020)- AEON MALL Co., Ltd. in partnership with the Japanese Red Cross Society, will hold blood donation drives at AEON MALL sites across the country.

AEON MALL had temporarily closed 142 malls across the country in response to a state of emergency declared nationwide on April 16th. There is a growing concern about the shortage of blood since most blood donation drives are being postponed at businesses and schools under self-imposed isolation. AEON MALL is also restricting blood donation drives due to the temporary closure of its stores. Under these circumstances, AEON MALL and the Japanese Red Cross Society will hold blood donation drives at 121 malls across the country that have reopened to accept blood donors who can help patients in need of blood by implementing proper measures.

On the day of the drives, the Japanese Red Cross Society will take adequate measures to prevent the spread of the new coronavirus.

In partnership with the Japanese Red Cross Society, AEON MALL will continuously promote social contribution activities as organizing blood donation drives.
