“AEON MALL Sendaikamisugi”
Grand Opening at 10:00 AM on October 8 (Wednesday)

"AEON MALL Sendaikamisugi" (hereinafter referred to as the Mall), a new business facility presented by AEON, will celebrate its grand opening in Sendai City, Miyagi Prefecture, Japan on October 8 (Wednesday), 2025.

Aoba-ku has been recognized as Sendai's premier educational hub since the Taisho era, hosting institutions such as the former Second High School (old education system). The Mall aims to become an integrated community hub alongside adjacent multi-generational residences and community-based medical facilities. We provide lifestyle amenities supporting healthy, fulfilling lives, diverse learning/social exchange spaces, and ultimately foster neighborhood vitality.

Under the concept "Brand-new City Life", the MALL features KAMISUGI ONE PARK – an integrated indoor-outdoor plaza designed for community gatherings and social exchange – alongside Gourmet Arena, a food court with four massive 98-inch screens offering diverse entertainment experiences including live sports viewing and music events. Moreover, the Mall has introduced popular lifestyle specialty stores selling products that will adorn everyday life. The Mall will be a bustling urban hub that creates new encounters and experiences.
